PETITION TO ACCEPT REFERENCE under 37 CFR 1.78(a)(3)

Sir:

This is a petition to have a reference accepted for the above referenced application. The reference is in order to provide relationship information, that it is a continuation, for a claim of priority from a PCT application.

The reference as included in an amendment submitted herewith, is as follows:

This is a continuation of International Patent Application PCT/TB01/00121, Intl. Filing Date, January 31, 2001, and published in English with Publication No. WO02/061590 on August 8, 2002.

The submission of the reference was unintentionally delayed. It is certified that the international application was not withdrawn or considered to be withdrawn, either generally or as to the United States. A petition to withdraw the above referenced US application from issuance to enable the claim of priority from the PCT filing, was previously granted.

Please charge the fee for this petition to Account No. 50-0510.
